

Confectionery & Chewing Gum

With a selection of high intense sweeteners, food acids, natural flavourings and menthol powder our products are perfectly suited to a wide range of confectionery and chewing gum applications. They are developed to help sharpen flavour, increase longevity of sweetness and protect products from moisture.

Product Range

- High-quality spray-dry and liquid flavourings
- Encapsulated food acids and intense sweeteners
- Encapsulated flavourings
- Bespoke encapsulates

Encapsulated Products

- Citric Acid
- Malic Acid
- Aspartame
- Stabilised Menthol Powder
- Acesulphame K
- Sucralose
